# THE CAMPSITE

## *Les murmures du Lignon*

Far from the crowds, the hustle and bustle and the pollution of the city, the friendly, family-run campsite welcomes you to Tence in the Haute-Loire in the heart of the Auvergne, in an atypical and exceptional green setting. Access by car is limited to a small part of the campsite, which makes it a pedestrian campsite. It is an ideal place to camp, combining glamour and tradition.

It covers 4 hectares, one of which is reserved for walking along the river «Le Lignon» where fish, ducks and other bird species live together.

It is the ideal place for lovers of the authentic with breathtaking landscapes as far as the eye can see. This region, which has been awarded the Respirando and Famille plus labels, is perfect for families looking for thrills, with many different activities adapted to every age and every desire. The campsite has been awarded the Qualité Tourisme label which guarantees adapted services with a distinguishable quality.

Ideally situated at an altitude of 850m, the campsite enjoys a very pleasant climate, with plenty of sunshine, without the heat wave, favourable to rest thanks to the mildness of the nights.

Tence is a small but very dynamic village of about 3,000 inhabitants! It has many activities, 9 restaurants, 3 bakeries, 3 butchers, 6 bars, 2 supermarkets, a grocery shop, a producer's shop, a bookstore, a cinema, an outdoor swimming pool, many cultural and sporting activities, clothing and decoration shops, and its weekly markets (Tuesday and Sunday mornings).

## 74 pitches

From May to September the pitches of the campsite are available. They offer 100 m<sup>2</sup> of pure nature, with access to 10A of electricity on each of these pitches. The many trees that border the campsite provide a certain coolness thanks to their shade. The pitches are accessible, for the most part, without vehicles for visual and acoustic comfort. Eight of our pitches are «privileged» and have a special view and an exceptional surface area (200m<sup>2</sup>). Finally, a restaurant tent equipped with tables, chairs, fridge, microwave, coffee/tea maker and barbecue is in place for your convenience.

## 28 rentals

The campsite is open all year round for the various types of accommodation.

The campsite offers services for all, affordable accommodation with quality furniture attracting a natural well-being for an ultimate rest.

Available by the night, week or month.

For off-season enthusiasts, our region offers a beautiful winter, filled with snowy landscapes. Secluded rentals such as chalets or mobile homes are suitable for the contrasting temperatures of our region!
